

Dear Anthony Everitt,

In reference to your invitation to a meeting on the 20th January 86, we as a body choose to decline the ~~inv.~~ invitation in view of the fact that the Arts Council is launching its ~~proposals~~ "Ethnic Arts - Proposals for Development" on the 25th February 1986.

We as a body have become aware of some of the details of this plan and wish to take this opportunity to express our extreme concern at the lack of consultation in its preparation; ~~and~~ ^{we} cannot at this late stage see any purpose in meeting with you five days ~~left~~ before its public release. We therefore resolve it would be only fitting for us to attend the press conference on the 25th Feb.

Yours Sincerely
