Dear Ms. Vir,

I am writing to you on behalf of the Management Committee of the above mentioned Association.

We are interested in hiring black films to show to members of the black community in Bradford and their friends.

The reports of the recent Black Independent Film Festival suggests that you are in a position to assist us in this area. Any information about titles, distributors, hiring costs etc. would be greatly appreciated.

In addition to films, we are also interested in providing a local venue/audience for black creativity in other artforms i.e. drama, poetry, dance, art, sculpture etc. Once again, any information, contacts, journals etc....

Please find enclosed an addressed envelope and stamp.

We look forward to hearing from you in the very near future.

Yours sincerely,

COURTNEY HAY
