Letters to The Editor
Private Eye
6, Carlisle Street
London W1

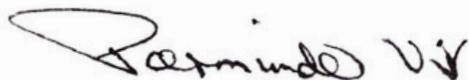

Dear Sir

If Private Eye says that I am odious and widely disliked then it must be so.

I, however, am thoroughly delighted to hear of my reputation, as I have no doubt that my actions will upset all those who support discrimination on the basis of race or skin colour.

Your opinions, or that of your informant, are your affair. What I should like to know is whether you made any attempts to verify any of the "facts" on which these opinions are based.

Yours faithfully

Parminder Vir
