Indo ~ Rock is born !!

The newest sound in Rock is Indo-Rock.

It is the sound created by young U.K. Asians. It is the product of Leo, a five piece rock band formed in 1973 and influenced by bands like Deep Purple and Led Zeppelin. Six years of intensive preparations have gone into the sound of Leo. And now Indo-Rock has arrived. Indo-Rock is not just a New Sound. It is the experience of growing up in a new soil; it is the blending of the East and the West, it is the melting-pot of religions and communities. It is a cult.

Leo is not just a band. It is a group of five Birmingham bred youths — and they are alive! They are creative and ambitious. They are not afraid of changes. They have assimilated the best there is in Western-Rock and added the experience of their Eastern Heritage to this sound.

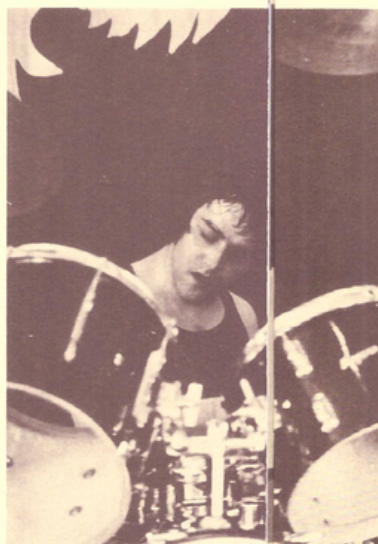

The Young U.K. Asians are now ready to take the world by storm. Leo is your band. Join them in their experience.

Danny. Born in India. Keyboard player and the driving force behind Leo. Danny has an articulate and charming personality.

Pravin. Born in Kenya. Bass guitarist with boundless energy and humour. Pravin acts the group's compere.

Bassi. Born in India. He is Leo's vocalist. Dresses in white satin and rocks the audience into a frenzy.

Charlie. Born in Birmingham. Lead guitarist, vocalist and the founder of Leo. Strikingly dressed in all black costume and headgear.

Monny. Born in Birmingham. Leo's Drummer — and performer. Watch out for his flying sticks during a hectic solo session.
