JOEL HALL DANCERS

This 17 strong jazz company have developed a reputation for their strong style and exciting technique. Programme includes: NIGHTWALKER a jazz ballet about street people to Duke Ellington's music. CHANGES a punk jazz piece. NEW YORK, NEW YORK 10036 a hot jazz piece set to a driving song by Rockers Revenge. Reviews from the US Press:

"...free-wheeling, barefoot celebration of life that makes the audience twitch to get up and join in ... sheer exhilaration of motion that is truly wonderful ... fired up on talent, energy and good old gumption ... what the 17 member troupe does best is jazz dancing, and at its best it's very, very good ... whipping through fast turns and flashy kicks with provocative elan ... fine dancers, easy resilient jumps, good footwork and line ... intelligent use of popular music, gutsy dancing done without sacrificing taste."
